

# Creating, Saving, and Uploading a Mii Avatar to Edmodo

<http://www.charactercreator.net/mii-character-creator.html>

Click here when you are finished.

Use these buttons to customize your avatar. There usually is more than one page of choices so click on the arrows.

The screenshot shows the 'My Avatar Editor' interface. On the left is a preview of a female Mii avatar with brown hair and blue eyes. The main area is divided into 'Eyebrow Style' and 'Eyebrow Color' sections. The 'Eyebrow Style' section has a 4x3 grid of options, with the third option in the second row highlighted in orange. The 'Eyebrow Color' section has a 2x3 grid of color swatches. To the right of the color swatches is an 'Alter Eyebrows' section with directional arrows. At the bottom of the main area are navigation arrows and a '2/2' indicator. At the very bottom is a toolbar with icons for file operations and other features. A text box on the left points to the save icon in the toolbar. A text box on the right points to the navigation arrows.

Choose Export

The screenshot shows the 'My Avatar Editor' interface with the 'File Menu' open. The menu contains four options: 'Load', 'Save', 'XML', and 'Export'. A red arrow points from the 'Choose Export' text box to the 'Export' option. The background shows the same customization options as the previous screenshot, but dimmed. A 'Done' button is visible in the toolbar at the bottom. The text 'Editor: 1.0.5.0' and 'Character: 1.0.5.0' is visible in the top right corner. The 'Avatar link' is the same as in the previous screenshot.
